

NEWSLETTER 2015

As another year draws to a close we would like to once again thank you for your continued loyalty and support during 2015.

To all our friends and supporters.

It is PAWM's 7th birthday in April 2016!

In 2016 we have exciting plans. We look forward to helping our 2 rural schools continue to expand and improve; ensuring they have all the essentials they require and we look forward to more communication between PAWM and teachers, students and parents.

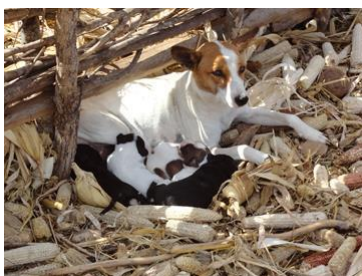

We continue to believe that education is a cornerstone for improving livelihoods, improving animal welfare and enabling sustainable conservation.

Now we have the 2 schools built, an important time for PAWM has arrived as we can now direct more of our efforts and fund raising towards our other objectives - animal welfare and sustainable conservation.

With best wishes to you and your families for a safe and happy 2016.
